11:30 AM  **BREAK**

11:45 AM  **Breakout Session I: What Works in Our Communities? (Asian Pacific Islander)**

**Description:** This workshop will discuss the challenges of developing a Community Defined Evidence (CDE) in the Asian Pacific Islander (API) community. There will be a presentation on the use of the Blessing Ceremony as a “non traditional” healing practice from Cambodia and how it was integrated into a mental health treatment plan. This will be followed by the requirements to submit a CDE to DMH and some of the possible challenges of submitting the Blessing Ceremony for acceptance in the Los Angeles County DMH PEI, EBP, Promising Practices, and Community-defined Evidence Models Resource Guide 2.0. Last, there will be several examples of successful CDEs that are in current practice in the API communities and how they were developed and implemented.

*Pisey Sok, MFT, Mental Health Clinician in the Integrated Network for Cambodians (INC) Program of Pacific Asian Counseling Services*

*Mariko Kahn, LMFT, Executive Director, Pacific Asian Counseling Services*

*Terry Gock, PhD, Executive Director, Asian Pacific Families Counseling, Pacific Clinics*

**Breakout Session II: What Works in Our Communities? (African American)**

**Description:** This workshop will assist learners with understanding some of the barriers, both historical and present day, currently affecting people of African descent living in America. We will also provide information on the use of spirituality from the Christian perspective, and its role in mental health. This workshop will discuss ways to incorporate Christian spirituality into a mental health framework for those interested in using their faith as a resource for change.

*Tamitra Clark, PsyD, California Black Health Network, Inc.*

*Pastor Brandon Parks, LMFT, California Black Health Network, Inc.*
12:30 PM  LUNCH  
*Blessing by Pastor Brandon Parks, LMFT, California Black Health Network, Inc.*  
*Cahuilla Bird Singers – Southern, California*

1:45 PM  Breakout-Sessions III: What Works in Our Communities?  (Latino)  
La Cultura Cura: Utilizing Cultural Traditions & Assets to Strengthen Mental and Physical Health

**Description:** La Cultura Cura (LCC) recognizes that all people carry the historical wisdom and knowledge of their ancestors and people that can be used for positive growth, healing and personal development. In the course of a person or family’s migration the positive cultural traits that serve to root and connect people can be overlooked or lost, and this leads to isolation and a less than positive sense of identity. LCC is a process that helps individuals, families, and communities recognize their positive identity and gifts to eliminate isolation and reinforce interconnectedness so that an individual thrives in the context of their family and community. This panel will also provide mental health practitioners with strategies to support individual-familial growth and also strengthen their ability to develop without abandoning their positive cultural identity.

*Jerry Tello*, Director, *National Latino Fatherhood and Family Institute and Co-Founder, National Compadres Network*  
*Osvaldo Cruz*, Senior Program and Training Specialist, *National Compadres Network*  
*Jesse Herrera, LCSW*, (Retired) Former Ethnic Services Manager, *Monterey County Behavioral Health*  
*Bobby Verdugo, BSW*, Consultant, *National Compadres Network*

Breakout Session IV: What works in Our Communities?  (Native American)  

**Description:** This session will provide an overview of the challenges faced by Native American organizations and tribes regarding the requirements of using evidence-based practice designated interventions with Native populations. The history of research abuse and the community-driven wellness movement will also be presented.
