

Holli Drobny is a Community Services Program Manager at Butte County Behavioral Health. Her position encompasses three different roles; MHSa Coordinator, Cultural Competency Coordinator, and Public Information Officer. Holli began her career at Behavioral Health in the Systems Performance, Research and Evaluation Unit as an Administrative Analyst where she gained experience as a key part of the implementation and evaluation team for various projects, including the *Investment in Mental Health Wellness Act of 2013*. Holli is passionate about Behavioral Health services because of her lived experience as a family member of someone living with a severe mental health diagnosis. Holli holds a Bachelor's degree in Communication Studies with an emphasis on Organizational Communication from California State University, Chico.
