

Nicole Ebrahimi-Nuyken, LMFT, is the Program Manager for the substance use treatment and prevention services at Nevada County Behavioral Health. She designed, developed, and wrote the Behavioral Health Implementation Plan for the Drug Medi-Cal Organized Delivery System (DMC-ODS) and leads the Behavioral Health program in implementation activities to implement the DMC – ODS. During her 12 years of experience with Nevada County Behavioral Health, she has provided leadership in the areas of clinical supervision, program development, contract management, integrated health care, call center management, quality assurance and quality improvement, utilization review, analysis of outcome measures, preparation for EQR and Medi-Cal audits, and implementation of state and federal grants. Prior to managing the substance use treatment and prevention services, Ms. Ebrahimi-Nuyken was the Quality Assurance Manager for Behavioral Health. She designed and implemented a comprehensive Quality Assurance and Leadership program to ensure the delivery of accessible, quality, and cost-effective services that are in compliance with state and federal regulations.

Ms. Ebrahimi-Nuyken received her undergraduate degree in psychology from Braunschweig University, Braunschweig, Germany, and Master's Degree from John F. Kennedy University in clinical psychology.
