County to County Networking

Choose one of the two options below for a conversation at your tables.

Option 1

The Good, the Bad, & the Ugly (Unclear)!

Referencing what you have heard so far….

• What is good and why?
• What is bad and why?
• What is ugly, unclear & why?

Option 2

Life Hack

What is one “life hack” (tip or trick) you would give to a new staff person to help them survive working in behavioral health finance? (Example: Have an egg timer to start when somebody comes to your office to ask a question to keep conversation focused.)

NOTE: This activity will be richer if you have people from different counties at your table.
