

County to County Networking

Choose one of the two options below for a conversation at your tables.

Option 2

Life Hack

What is one “life hack” (tip or trick) you would you give to a new staff person to help them survive working in behavioral health finance? (Example: Have an egg timer to start when somebody comes to your office to ask a question to keep conversation focused.)

Option 1

The Good, the Bad, & the Ugly (Unclear)!

Referencing what you have heard so far....

- What is good and why?
- What is bad and why?
- What is ugly, unclear & why?

NOTE: *This activity will be richer if you have people from different counties at your table.*
