

**Kayla Landry**

Kayla Landry received her Bachelors of Arts Degree from the University California, Davis and over a year ago started her employment with the state at MHSOAC. She worked as a Staff Services Analyst in the Research and Evaluation Unit and facilitated the County regional meetings for Community Services and Supports Evaluation Toolkit in March 2017. Kayla has provided support to the Subcommittee for Innovation as well as the Regulations Implementation Subcommittee. She worked closely with MHSOAC's Chief Legal Counsel Filomena Yeroshek in preparing the newest amendments to the Prevention and Early Intervention (PEI) and Innovation (INN) regulations. In September 2017, Kayla transitioned into the PEI Unit as an Associate Governmental Program Analyst and Project Lead. She assembled together the first learning community, Webinar: Methods for Fulfilling MHSA PEI Regulations for Data Collection and Reporting, and presented the PEI regulations.
