William Rhett-Mariscal, PhD, MS

Dr. Rhett-Mariscal is an Associate Director with the Health Equity team at the California Institute for Behavioral Health Solutions (CIBHS). As a lead in providing technical assistance in the area of reducing disparities, and the primary point person at the agency in the Prevention and Early Intervention (PEI) component of California's Mental Health Services Act, he was part of a team helping LA County develop and conduct their Community-Defined Evidence program identification process for PEI programs, providing TA to agencies helping them articulate their practice models in a way that would allow LA planning areas to select a practice for implementation by local providers. He has also been involved in several practice dissemination and implementation support projects, working with program developers and agencies learning and implementing programs.
