Community-Defined Evidence in the Latino Community:

Using Cultural Wealth to Frame Platicas and Atencion Plena

Juan Carlos González, Juan C. García, Jairo Lozano

California State University, Fresno
Integral Community Solutions Institute, Fresno

California Institute for Behavioral Health Solutions
2018 Conference (Riverside, CA)
Wednesday, October 24, 2018 (1:30 p.m. - 3 p.m.)
Introduction

- Examination of the health and educational experiences of Latino youth in three Central California high schools

- Beginning Summer 2017

- 48 Latino high school youth will participate in innovative counseling approaches (*pláticas* and *atención plena*) with a hip hop twist

- Struggling youth need innovate approaches to address their needs

- **Goal**: Various definitions of school success
Program Goals

Increase:

- School attendance
- Positive school behavior by empowering staff and students to develop effective coping strategies
- Increase restorative school practices
- Number of students college and career ready
- Number of students considering mental health careers
- School engagement and participation through family mediation and community outreach
Reducing Health Disparities In Rural Communities

Barriers to access to health care:

- Co-Location
- Transportation
- Accessibility - insurance or pay
- No culturally and language competent staff
- Evidence-based mainstream practices that do not work with culturally different consumer/students are modified or combined with community defined interventions
Ameliorating the Barriers to Services

- Affirms and recognizes the importance of the Latino Culture
- Advances knowledge about the Latino Community
- Delivers services in the Latino communities
- Reaches rural communities with services in predominantly Latino Schools
- Engages in counseling and therapy approaches that effectively addresses the needs of the Latino Community
- Places a high value in meeting the Spanish language and cultural needs of the Latino population
- Extends business hours to include evenings and weekends

- Be embedded in the culture as a provider
  - Have a similar background socially and culturally
  - Have grounded experience in the experience
  - Understand social and familial dynamics of Latinox immigrant families in transition
- Understand the linguistic dimension
  - Story - cuentos
  - Sayings or dichos
  - Proverbs
  - Poetry
  - Traditional Music lyrics
- Understand the dynamics of cultural contact, transition, and integration
  - Language and cultural balance
Latino Cultural Wealth Model

Rendon’s (2014) Cultural Wealth Model, Adapted from Yosso (2005)
Familial capital (def.) =
- Family support is critical for validation, mentorship, advice, and role modeling
- “Doing it for the familia” helps set and complete personal goals.

Yosso (2005), Model of Community Cultural Wealth
**Latino Cultural Wealth Model**

Social capital (def.) =
- Capitalizing on Latino-based networks of friends and peers.
- Using biculturalism to understand biculturalism of peers, and connect on bicultural identities with peers

Yosso (2005), Model of Community Cultural Wealth
Latino Cultural Wealth Model

Navigational capital (def.)=
- Abilities to navigate within multiple and distinct worlds (*barrio*, peers, native country, family, spirituality, college)
- Each context required a different mental set, language code, and behavioral conventions for survival and advancement

Yosso (2005), Model of Community Cultural Wealth
Latino Cultural Wealth Model

Resistant Wealth (def.)=
- When confronted with racial/gender microaggressions, this is the ability to overcome and continue advancing
- These skills are developed early in life as Latinos overcome low expectations in K-12 schools, and racism/sexism in their communities to make it to college
- Depends on nuanced ways of responding to oppression, which at the same time maintaining cultural integrity

Yosso (2005), Model of Community Cultural Wealth
Latino Cultural Wealth Model

Linguistic capital (def.) =
- Bilingualism helps communicate and form relationships with others with similar bilingual backgrounds
- Bilingualism provides access to multiple and diverse cultures
- Bilingualism helps with language sophistication and much language translates to sophistication in American dominant language (English)

Yosso (2005), Model of Community Cultural Wealth
Latino Cultural Wealth Model

Aspirational capital (def.) =
- Hopefulness about your futures
- Aspiring to complete college and become professionals
- Aspirations shaped by familia and their stories of overcoming challenges. Aspirations fosters by community role models

Yosso (2005), Model of Community Cultural Wealth
Latino Cultural Wealth Model

Spiritual/Faith-Based capital (Def.) =

- Reliance of faith in God, religion, and/or spirituality to overcome challenges
- Reliance of spiritual/religious history and foundation values of gratitude, compassion, sense of purpose, and humility to overcome challenges and interact with others

Yosso (2005), Model of Community Cultural Wealth
Latino Cultural Wealth Model

Ethnic Consciousness capital (Def.) =
- Relies of experiences of being ethnic minority, and building community and solidarity with other ethnic minorities through shared experiences
- Relies of using personal accomplishments for community gain due to consciousness about how others in your community face greater struggles
- Relies on your pride for your culture and heritage
- Relies on your pride for attending a Hispanic Serving Institution (HSI)

Yosso (2005), Model of Community Cultural Wealth
Pluri-Consciousness capital (Def.) =
- Relies on abilities to entertain multiple/competing/contradicting thoughts/tensions
  ○ E.g. undocumented/documented; Mexican/American; Spanish/English, world of college/world of personal life, immigrant/American

Yosso (2005), Model of Community Cultural Wealth
Pluriversal/Adaptability capital (Def.) =
- Similar to navigational capital, but includes the added skills of being in constant transition
- Skills allow for making transitions between contradicting identities, multiple languages, and different behavioral expectations
- Requires having “survival skills”

Academic capital
- Relies on your academic strengths and knowledge

Yosso (2005), Model of Community Cultural Wealth
**Level 1: Clinical**
Therapeutic & clinical / Individual, group, dyads

Use of Latino formats for communication such círculo (Compadre’s Network)

Quién soy yo? / cargas / regalos

---

**Level 2: Prevention**
Prevention / Information / Education

Xipe Totec Approach: Cultural Competence Model

infusing and integrating traditional culturally grounded methods of canciones (songs), dichos (sayings), cuentos (stories), and poesia (poetry)

**What are Pláticas?**
Atención Plena - Mindfulness Latino Style

Hip-Hop Therapy

Common Core Standards Grades 9-10

CCSS.ELA-Literacy.RL.9-10.1 Cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.

CCSS.ELA-Literacy.RL.9-10.2 Determine a theme or central idea of a text and analyze in detail its development over the course of the text, including how it emerges and is shaped and refined by specific details; provide an objective summary of the text.

CCSS.ELA-Literacy.RL.9-10.4 Determine the meaning of words and phrases as they are used in the text, including figurative and connotative meanings; analyze the cumulative impact of specific word choices on meaning and tone (e.g., how the language evokes a sense of time and place; how it sets a formal or informal tone).

CCSS.ELA-Literacy.RL.9-10.5 Analyze how an author’s choices concerning how to structure a text, order events within it (e.g., parallel plots), and manipulate time (e.g., pacing, flashbacks) create such effects as mystery, tension, or surprise.
Xipe Totec Mémé

An element of culture or system of behavior that may be considered to be passed from one individual to another by non-genetic means especially imitation

Students apply *dichos*, or lines of lyrics or poems, that resonate with their culture or circumstance, in order to reframe and transform their relationships to experiences and issues
MY SENSITIVITY IS MY STRENGTH

CUENTAS CLARAS, AMISTADES LARGAS
CLEAR COMMUNICATION, LONG FRIENDSHIPS
- Identity development.
- Stigma towards mental health.
- Experiential Avoidance/Acceptance
- Developmental Stages
- Validation
- Reframing
This album is in no way intended to glorify addiction.
Preliminary Findings

Students have:

- successfully implemented conflict resolution strategies, and communication styles to reduce negative behavior incidents
- reported an improved sense of belonging, and an increase in attendance
- improved overall academic performance
- shown a reduction in symptoms of depression, anxiety, and trauma induced symptoms (e.g., management of intrusive thoughts and impact on behavior)
- successfully applied anger management strategies to avoid disciplinary actions and behavior incidents
